Dear Parents and Caregivers

Currently teachers are assessing and reporting and I am very pleased with the levels of achievement and progress that I am seeing in student learning. Congratulations to all students and staff. Report cards will be issued in the last week along with 2017 information and booklists.

Over the coming weeks there are many times when teachers and the school leadership team are scheduled for meetings. This is the time of year where we are planning for 2017 and we have much to do to select school leaders, class allocation and overall organisation while at the same time planning the array of events that occur at the end of year (awards nights, graduation, swimming carnival, celebration day activities, end of year transitions to prep and high school). It is really important that if you need to speak with us, please make an appointment so we are able to afford you time. I thank you in advance for this.

I have been unable to report the weekly attendance results for the last two weeks as the school still does not have internet or 3G access however with only a few weeks to go until the end of the year, it is important students turn up every day. Learning happens right up to the 200th day of school. Please make sure you are supporting the Every Day Counts messages. Our attendance as a school has improved this year and I thank you for your part in this.

Finally, to assist with organisation and planning for 2017 it would be appreciated if you could let the Admin Officers know if your children will be attending a different school next year. Thanking you in advance.

Regards
Ms Ann McCullough

This fortnight’s Star Student Value is Fair Go with a focus on allowing others to work or play without disruption. Teachers and students will be focusing on activities dealing with this value in the classroom, in the playground and in the home context.

The annual swimming carnival will be held again at Fairymead Swimming complex on Tuesday of week 10. We will have notes and permission forms out shortly. The emphasis on this day is participation and the pool is perfect for students who are not great swimmers. Please return all notes to school as soon as possible.
